Col. Cornelius Vanderbilt had his beard trimmed rather closely a few days ago and this may have led to the report that he had a clean shave. At any rate the local representative

of a New York newspaper yesterday received a telegram asking for photographs of Col. Vanderbilt minus his beard. The correspondent was puzzled. He hurried out to camp, took a look at the Colonel, and was more puzzled than ever. Late last night he wired the paper: "Col. Vanderbilt had not shaved up to the time

The trial of Drs. Benjamin Berger and Herbert A. Cohen, Robert Levine, a druggist, and Moses Wetschenbaum and David Pinner, packers, on an indictment charging them with being concerned in a conspiracy to dispose of expensive and habit forming drugs alleged to have been stolen from the United States Army Medical Supply Depot at Morton and Greenwich Streets, is being held to-day before Judge Edwin S. At the opening of the proceedings Herbert Eskin, another of the defendants, entered a plea of guilty, and Jacob Katz, also named in the indictment, became a Government witness. ## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advt.
